

March 9, 2010

Don & Trude Kemp,

I want to take this time to say how sorry I am about comments that I made about you and your football program on our weekly radio show in July 2009. I was given false information and I chose to act on that information without speaking with you first. I allowed myself to listen to rumors and what I should have done was to come to you directly. I found out later that the statements that I made were untrue and after speaking with you several times and working through the problems that we had, I learned that St. Mary's Pigskin was a program for the kids. I hope and support the return of St. Mary's Pigskin Football & Cheerleading in the 2010 fall season. I have said it many times that the community should stand up and applaud you for the program that you have run for 25 years. I again want to express how sorry I am about the statements that I made about you and St. Mary's Pigskin Football & Cheerleading.

Respectively,

Chris Pixton

President,

St. Mary's County Youth Sports Inc.
